Do you offer domain registration?

Helpdesk Staff - 2020-09-01 - Comentarios (0) - General Questions

Yes! When you purchase a hosting plan with polur.net, you have the option of purchasing a domain (or several!) for your website. For existing customers, you can visit the myPolur order portal to easily buy new domains. Finally, we also offer domain registrations through our affiliate services and partners. Visit our Add-ons page to learn more.
